

Twin Cities Amateur Radio Club

Champaign County Weekly Two Meter Net Script

Preamble: Calling all radio amateurs! This is the Champaign County Two Meter Weekly net. The purpose of this net is to foster and encourage communication between members of the Amateur Radio community in Champaign County. This includes any bulletins, announcements or items for the swap listing.

This is _____ (Call Sign) the net control for tonight's net and my name is _____ (Name).

Traffic: Are there any stations with Emergency or Priority Traffic? (*PAUSE for traffic. Deal with this traffic first. Then proceed.*)

This is a directed net. When checking in give your call sign and wait for acknowledgment. When acknowledged, give your name and location. If you have traffic indicate so at this time. We will take traffic after check-ins are completed. This is a reminder to wait for the courtesy tone on the repeater before transmitting. This will give stations with emergency or priority traffic to break in if necessary.

Starting off with Echo-link – Are there any stations on Echo-link wishing to check in? Please check in now with your call sign.

We will now take check-ins from stations that are mobile or portable. Portable also includes those who are using an HT at home. Mobile or portable check-ins only at this time, please. (*Proceed after all mobile check-ins are complete*)

I will now take check-ins from stations outside of the Champaign-Urbana area. (*Proceed after all out-of-area check-ins*)

Any station, anywhere, any type that wish to check in, please do so now. Any type, anywhere, come now with your call sign. (*Proceed after check-ins are complete*)

I will now return to those stations with traffic. (*Take and pass traffic at this time, then proceed.*)

Are there any late check-ins before we go to *Newsline*? Any late check-ins at this time? (After this is complete, transfer net to *Newsline*.)

Newsline: I will now transfer the net control over to _____ (Station presenting *Newsline*)

After Newsline is completed, thank and acknowledge station presenting Newsline, then proceed.

Are there any late check-ins, comments or announcements before we close the net? (*PAUSE for late check-ins*).

Closing: Thanks to all who checked into the Champaign County Two Meter Net this evening. This net meets Thursday at 9:00 PM Local Time, and is Co-sponsored by the Twin Cities Amateur Radio Club and the Synton Amateur Radio Club of the University of Illinois. If anyone is interested in being net control, please email the Twin City Amateur Radio Club board at tcarc@sdf.org. This concludes the Champaign County Weekly Two Meter net for this evening. The net is closed at _____ local time and the repeater is now available for normal use. This is _____ (Call Sign). Clear (or out).
